REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art does not disclose nor render obvious the claimed combination of subject matter of a vacuum cleaner comprising: a suction brush movably disposed at a lower portion of a cleaner body; a by-pass motor disposed in the cleaner body and generating a suction force at the suction brush; a cyclone dust-collecting apparatus disposed in the cleaner body and having an inflow passage, into which air passing by the by-pass motor flows, and an outflow passage through which the air, cleaned by the separation effect of a centrifugal force created within the cyclone dust collecting apparatus, is discharged; and a dust bag disposed in the cleaner body and connected to the outflow passage for filtering minute dust entrained in the cleaned air, which is discharged from the cyclone dust-collecting apparatus. The closest prior art happens to be applicant's own patents.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
